All-in-one solution

With Twake's all-in-one solution, keep all of your data in one centralized location, manage your projects through a single interface, and enjoy seamless integration of your favorite collaborative tools.

CALENDAR

The screenshot shows the Twake Calendar interface for July 2019. The left sidebar includes sections for Applications (Calendar, Documents), Chaînes (Général, Développement), and Messages Privés (Joyce, John, Joyce, Daniel, David, Juliette, Romain, Mélanie, Éric, Elisa). The main calendar view shows days from 31 to 30, with a green bar for "Vanessa Holidays" and a red bar for "Weekly catch-up". To the right, a sidebar lists "Calendriers" with checkboxes for Administratif, Produit, Événement, Démo, and Communication, and a list of team members: Jordan, Marc, Vanessa, and Chloe.

TASKS

The screenshot shows the Twake Tasks interface. The left sidebar includes Applications (Calendar, Documents, Tâches), Chaînes (Général, Développement), and Messages Privés (Joyce, John, Joyce, Daniel, David, Juliette, Romain, Mélanie, Éric, Elisa). The main area shows a Kanban board with columns for "To do" (1 item) and "In progress" (2 items). The "In progress" column contains tasks "Task one" and "Task two". A sidebar on the right allows filtering tasks by status: Kanban, Liste, Tâches actives, and Tâches archivées.
